

ITSI Parents

Do

- Install a parental control app
- Ensure that the tablet is charged daily
- Familiarise yourself with the miEbooks application
- Teach your children to use technology responsibly
- Monitor your child through their statistics
- Ask advice about latest minimum specifications and consider cellular contract devices (visit www.it.si/faq)
- Take out insurance on your device, or at least buy a cover and screen protector
- Ask questions when in doubt

Don't

- Buy the cheapest tablet
- Believe that tablets will be used every minute of every day in school
- Assume children today learn the same way as 20 years ago
- Believe that learning will stop if the power goes out
- Hesitate to report any problems
- Provide unlimited data/Internet access
